TO WHOM IT MAY CONCERN

This letter serves to confirm that the Izame Zabantu Nature Helpers team, led by Nicholas Sundiro and Natanya Mulholland, collect plastic waste at the mouth of the Black River at Paarden Eiland twice weekly. Nicholas Sundiro contacts the City Council (Ezra Zimri, and previously Greg Whyte) to notify us of their collected load, which we then pick up and take to the municipal dump.

Izame Zabantu Nature Helpers has been operating at this site since 13 February 2021.

Yours faithfully,

.....
